

Captains Report 19th March 2019

Club Championship 2019

Start of a new year early days yet, but some new names to challenge the old guard

Quarterly Handicap Competition

Start of a new quarter with a rejig of the four league tables, several promotions and demotions.

Cumbria and Northumbria

All 10 rounds shot and posted waiting for final results.

In the prone individual leagues Wayne Leggett is topping his division

Of our four prone teams Bury C are topping their division and Bury B are second in their division

In the benchrest competitions we have four individuals topping their divisions and two people laying second, the closest finish is in the team benchrest competition where Bury B are lying second equal on points to the leaders but two points behind on aggregate everything is down to the last card, all the more important to "not drop your last shot."

Special thanks to Mark and Sammy for their help with scoring and posting

Portslade and West Hove

Final results just in, no medals this year with one second place and three third places

Preston & District Shoulder to Shoulder League

Last match coming up against Blackburn this will give us the opportunity to double our wins for this season

I would like to say a special thank you to Viv and Sammy Clarkson for all their help with refreshments and scoring et cetera, very much appreciated by all the teams

Lancs Lg

No results yet for the Lancashire Junior Team
